Under current law, DHS imposes a monthly assessment on licensed beds in an intermediate care facility for persons with an intellectual disability. The amount of the assessment is determined annually using a formula that is based on the projected annual gross revenues of all intermediate care facilities for persons with an intellectual disability in the state. This bill eliminates the formula for calculating the assessment and instead sets the assessment at \$910 per month per bed.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 50.14 (2) (bm) of the statutes is amended to read:

50.14 (2) (bm) For intermediate care facilities for persons with an intellectual disability, ~~an amount calculated by multiplying the projected annual gross revenues~~

~~of all intermediate care facilities for persons with an intellectual disability in this state by 0.055, dividing the product by the number of licensed beds of intermediate care facilities for persons with an intellectual disability in this state and dividing the quotient by 12 \$910.~~

SECTION 2. 50.14 (2m) of the statutes is repealed.
